

## Testimonial

“I fled my home and joined 21 street kids in Nairobi, Kenya, 1989. I was cold, hungry and could not find food in the trash...I became involved in crimes, was arrested and imprisoned. God showed Himself to me even though I hated preaching. After Motherly Care Home took us all I was converted and I am happy to sleep again in a house. Today I have my own family and blessed with a baby boy. I thank God for the home and Mary whose care transformed me. I am literature evangelist now. My stock of books goes low and the big challenge is money to buy books. I feel also to work together with God to shine the light to those children in the streets.” *Patrick Imugu*

## Mission Trip, June 5-19, 2007

Reaching Hearts for Kids will be taking over 30 volunteers on a two-week mission trip to Ambo, Ethiopia, June 5-19, 2007, to help build the first of 10 homes in our model village in Ambo, Ethiopia. A team of medical doctors and dentists will also join us on this trip to treat poor people.

We encourage you to sponsor one home in memory of a loved one or to honor someone who has impacted your life. Three families from the Middle East are sponsors of the first three homes. Yacoub and Ellen Nashed and family, California, will be leaving the best legacy to future generations by sponsoring the **Nashed Home**. The cost of building one home of \$30,000 can be paid over a three-year period.

## Who We Are

**Reaching Hearts for Kids** is a humanitarian outreach of Reaching Hearts International, a non-profit 501(c)3 religious charitable organization located in Maryland.

## Our mission

**Reaching Hearts for Kids** expresses active compassion through a charitable blending of faith and work, to provide children in need with the opportunity to live healthy, fulfilled lives, regardless of their race, color, ethnic or religious background.

## What We Do

**Reaching Hearts for Kids** provides food, shelter, medical care and clean water for children living on the streets. Basic education is our primary goal to give children a better future. Priority is given to existing homes that are operated by dedicated people who make a difference. Despite the challenges they face, they struggle to care for children orphaned due to HIV/AIDS.

## Testimonial

“Thank you for your financial help. Both of my parents died of AIDS. Life became tougher especially when I started school in class One (age 10). There was no money to buy school uniform or text books so I would go to school without books. Life changed when I got your financial help. My age is 13, and I am doing well in lessons. I thank you very much for your assistance, and believe that you have helped me to be good.”
